

IT'S A WORK BAY, FRAME RACK, WORK BENCH AND LIFT ALL IN ONE!

The Body Buddy speeds your volume by:

- No more waiting for the Frame Rack
- No more laying on the floor
- Easy loading and unloading
- 360 degree pulling in your bay
- Adjustable Uni-Body Stands minimizes jacking
- Electric/Hydraulic eliminates Footpumps
- Reposition puller without lowering to floor

**HIGH VOLUME
=
HIGH PROFITS**

Support American Jobs

We are one of the few remaining in this industry being manufactured by AMERICAN WORKERS.

THE ALL-IN-ONE RACK

“We got way more than we expected. This machine is used on all of our jobs, not just pulling. It fits our shop perfectly.”

- *Larry Robbins,
Valley Springs, California*

With the current market creating more small jobs for your shop, the Body Buddy provides a resourceful alternative to earn your survival money. According to our existing customers, technicians working in these comfortable positions speed their output by approximately 30%. Plus, they complete an entire repair in the time their competition merely ties down to a frame rack. Call today to get your information kit and learn why so many successful body shops have implemented the Body Buddy difference!
